LeetCode: leetcode.com/u/tushar_patel19

Summary

Computer Science graduate with strong skills in MERN Stack development, REST APIs, and AI/ML applications. Built multiple full-stack web applications and solved 450+ DSA problems on LeetCode. Proficient in JavaScript, React.js, Node.js, Express.js, MongoDB, and SQL, with a solid foundation in OOP, DBMS, and Operating Systems. Passionate about developing scalable software solutions and eager to contribute as a Software Developer.

Education

Pranveer Singh Institute of Technology 2022 – 2026

B.Tech – Computer Science (Internet of Things) CGPA: 7.98/10 (First Division with Distinction)

Shri Ram Public School (CBSE) 2021

Class XII (Intermediate): 79%

Shri Ram Public School (CBSE) 2019

Class X (High School): 77.6%

Projects

Language Translator Web Application Sept 2024 – Dec 2024

GitHub Repository | Live Demo

- Developed a responsive language translation web application with real-time multilingual translation support.
- Integrated MyMemory Translation API and deployed the project using Firebase Hosting.
- Technologies:** React.js, JavaScript, HTML, CSS, Firebase Hosting, MyMemory Translation API

AI-Powered Code Debugging Platform (MERN + LLM APIs) Jan 2025 – Jun 2025

GitHub Repository

- Built a full-stack AI-powered debugging platform with real-time code analysis and automated error suggestions using Groq APIs.
- Implemented authentication, protected routes, chat history storage, and debugging support for C, C++, Java, and Python.
- Tested and validated REST APIs using Postman for error handling and edge cases.
- Technologies:** React.js, Node.js, Express.js, MongoDB, REST APIs, Groq API, JavaScript

Lung Cancer Detection System Aug 2025 – Feb 2026

GitHub Repository

- Developed a CNN-based deep learning system for lung cancer detection from CT scan images.
- Built a Flask REST API for image upload, preprocessing, and prediction visualization.
- Integrated TensorFlow/Keras models with a responsive frontend and SQLite database support.
- Technologies:** Python, Flask, TensorFlow/Keras, CNN, SQLite, HTML, CSS, JavaScript

Technical Skills

Programming Languages: C++, Java, Python

Frontend: React.js, HTML, CSS, JavaScript

Backend: Node.js, Express.js, Flask, REST API Development, JWT Authentication

Database: MongoDB, MySQL

Tools and Platforms: Git, GitHub, Postman, Firebase

Core Subjects: Data Structures & Algorithms, OOPS, DBMS, Operating Systems

Achievements & Certifications

- Solved **450+ DSA problems** on LeetCode. Earned 50-day and 100-day consistency badges on LeetCode.
- Achieved **5-star rating** on HackerRank in Problem Solving.
- Oracle Cloud Infrastructure 2025 AI Foundations** – Oracle University.
- Basics of Java** – Coding Ninjas.
- HTML, CSS, JavaScript, React.js, DBMS, OOPS using Python** – Infosys Springboard.
